Description:

More than any other book, the Bible offers an amazing collection of fascinating characters ranging from the holiest of the holy to some of the most depraved scoundrels imaginable. Many are mentioned only in passing, yet history and archaeology can often fill in the blanks and flesh them out as

exciting human beings. For this reason we have in many cases been able to tell much more about them than the Bible alone reveals.-- Richard R. Losch (from the preface) A comprehensive gathering of persons found in the Bible, including the Apocrypha, All the People in the Bible really delivers on its title: literally all of the Bibles characters appear in this fascinating reference work. From the first article on Aaron to the final entry on Zophar, Richard Losch details each person in a lively narrative style. The bulk of the book consists of Loschs A-Z articles covering the familiar and the not-so-familiar figures in Scripture. Names of people who are found only in genealogies or who had no significant effect on history are included solely in the alphabetical listing starting on page 452. That listing, "All the People in the Bible and Apocrypha," includes pronunciations, brief identifications, and biblical references. Persons covered in greater detail in the main part of the book are identified in bold print. Loschs intriguing look at all the people in the Bible is anything but a dry reference work. This is a book to dip into and enjoy over and over.

Update over 2 years later! I had to add to this review... A simple must have A-Z short brief on each and every person mentioned in the entire Bible! A MUST HAVE IF YOU INTEND ON TRUE BIBLE STUDY! This tool is a MUST have... when a preacher mentions someone in the bible you just write the name down and then look them up and get the back story in short! From A - Z everyone listed in the bible! This makes studies much easier! Combine this with a Strongs Concordance and a Bible Dictionary and a good bible commentary like the Believers Bible Commentary and your in big business! It makes finding out whos who SOOOO MUCH EASIER!
